- ◆◆ After 2 modules, children can switch to II level of Brainobrain
- ◆◆ After 4 Modules, children can switch to III level of Brainobrain

Uniqueness of LITTLE Bobs

Brainobrain's Little Bobs is a first of its kind program. The curriculum & the philosophy of Little Bobs contribute towards an empowering experience for your little one providing a significant foundation to your child's early developmental phase. To name a few

1. Based on the Multiple Intelligence:

The Little Bobs Program is a holistic activity which exercises the multiple intelligences of your children – Logical, Linguistic, Intrapersonal, Interpersonal, Rhythmic, Kinesthetic, Spatial & Naturalistic Intelligence.

2. Based on VAK methodology:

We nourish the different learning styles that are unique to your child empowering the learner in him.

3. Whole Body Learning:

Little Bobs is an activity program that is based on the principle that, " Learning is not only with your head!". It encourages the children to use all their resources in learning.

4. It is not the knowledge: it is the 'Learner' that's focused! The Little Bobs program provides ample experiences to prepare your child to be a learner, than a mere student – a real awakening that blossoms is an outcome of the programme! We do not give 'fish'; instead we teach them 'how to fish'

5. Play Way Method!:

Finally, Little Bobs is a play way method in the fullest sense! Children play & learn by themselves! Little Bobs is for the children, by the children and of the children!

Empowering young geniuses worldwide!
